

**EXCELLENCE IN LUBRICANTS**

## **BUSINESS AS USUAL FOR EXOL LUBRICANTS**

To all our valued customers, in these uncertain times caused by the outbreak of Coronavirus (COVID-19)

Exol Lubricants are working at normal levels and our warehouses continue to supply all our products to customers around the globe. It is very much 'business as usual' for Exol and all orders are being processed and distributed as normal.

Sales, Operations, Technical, Marketing & Customer Service departments at Exol are fully available to all customers. In the interest of our employees' and customers wellbeing and safety, unfortunately visits to Exol facilities are currently postponed. We will always go the extra mile to support our customers and have very effective and internationally recognised procedures and systems in place.

There are several exciting products and company developments at Exol to be announced in the coming weeks/months, all of which enhance our role as a leading supplier of oils and lubricants across multiple industries.

**Please continue to visit [www.exol-lubricants.com](http://www.exol-lubricants.com) for more information.**

Best wishes & please stay safe.
