

Oil Absorbent Granules

Granules for absorbing oil spillages

Product code: W003

Product Description:

Exol's Oil Absorbent Granules is a natural clay product, which is mined and processed in Georgia, USA. This product is a premier floor granule and can be used on all non-aggressive liquids.

It is a highly absorbent hard granule, has a light bulk density and will not breakdown with foot traffic once saturated. This granule is packed in a super strength poly bag, which is virtually unbreakable and its resistance to moisture allows it to be stored outside.

Benefits:

- Excellent absorption levels
- Non dusty
- Suitable for all non-aggressive liquids
- Heavy duty packaging

Typical Test Data:

Colour	Brown/Tan
Shape	Granular Chips
Granulation	4.75 – 0.60 mm
Kinematic Viscosity @ 100°C (cSt)	7.00
Density	560 – 600 kg/m ³ Light Bulk Density – Non Dusty
Absorption	100 mg/ltr 100% of its own weight
