Micron BR MP & MO Grades

Mineral oils with special requirements Product code: See table below

Product Description:

Micron BR, MP and MO grades are manufactured to comply with the British Rail Specification 663.

Micron BR, MP and MO grades are blended from solvent refined base oils of high thermal and chemical stability and fortified with pour point depressants to achieve the standards required in the 663 specification.

Benefits:

- Cost effective
- Wide range of applications

Application:

Recommended for use in the rail industry where the original British Rail Specification 663 is required.
