

# Libra Moly XL EP2 Grease

Extreme pressure, multi-purpose lithium grease with solid additive

Product code: Z110

## Product Description:

Libra Moly XL EP2 is a lithium thickened lubricating grease based on mineral oil. The grease contains antioxidants, corrosion inhibitor, EP/anti-wear additives and molybdenum disulphide. The product is a state-of-the-art multi-purpose moly grease which can be used in various applications within given temperature limits. The lubricating grease offers good mechanical stability, load carrying capacity and corrosion protection, making it suitable for heavily loaded bearings as well as wet environments.

## Benefits:

- Good mechanical stability
- Very high load carrying capacity
- Good corrosion protection

## Applications:

Libra Moly XL EP2 is a high-quality multi-purpose moly grease that can be used in both industrial and automotive applications. The molybdenum disulphide gives extra protection in applications with slow moving or oscillating bearings. Lubricating greases with molybdenum disulphide are not suitable for rolling bearings at high speed.

## Typical Test Data:

Thickener	Lithium
Base Fluid	Mineral Oil
Colour	Dark Grey
NLGI Grade (ASTM D217)	2
Dropping Point (IP 396)	> 180°C
Base Oil Viscosity @ 40°C (ASTM 7152)	200 cSt
Base Oil Viscosity @ 100°C (ASTM 7152)	15 cSt
4-Ball Weld Load (DIN 51350:4)	3600 N
Temperature Range	-30°C to +120°C (Max +130°C)

## Product Specification:

MAN 285 Li-PF 2  
DIN KF2K-20  
ISO-L-XCEB 2

## Pack Sizes:

Available in 500g cartridges only.
