

# Cyclone Freeze 232

Mineral oil based refrigeration compressor oil

Product code: C084

## Product Description:

Cyclone Freeze 232 is a premium quality, low pour point refrigeration compressor oil.

Cyclone Freeze 232 is manufactured using carefully selected base oils with naturally low pour points and long fluid life. They reduce the formation of ice crystals if water is present in the lubricant and remain fluid even at the lowest temperatures encountered in their operating cycle.

## Benefits:

- Excellent low temperature performance
- Improved evaporator efficiency
- High levels of system cleanliness

## Application:

Cyclone Freeze 232 is suitable for domestic and industrial refrigeration compressors with any of the following refrigerants:

- Ammonia (R717)
- Hydrocarbon (e.g. R600a)
- Halogenated hydrocarbon (R12, R22)

## Typical Test Data:

Appearance	Very pale liquid
Density @ 20°C	0.884
Kinematic Viscosity @ 40°C (cSt)	32.0
Pour Point (°C)	-40
Flash Point, Open (°C)	175

## Health & Safety:

Please refer to the safety data sheet, a copy of which is freely available to all of our customers.
